## Fr. Mark E. Stock Resigns As Pastor Of Xavier Church After Distinguished 29-Year Service

Rev. Fr. Mark E. Stock, for more than 29 years pastor of St. Francis Xavier's Catholic church here and a priest for more than 41 years, has resigned as the local pastor. His resignation was accepted by Bishop George L. Leech of the Harrisburg diocese, effective August 31.

Father Stock resigned because of ill health. He has been suffering from a severe heart condition for several years and has been more or less inactive since returning from St. Joseph's hospital, Lancaster, several months ago. His resignation precludes his attaining his life-long ambition to serve his church as an active priest for a half-century.

While at St. Patrick's in Carlisle, the then assistant pastor reorganized the choir of the church and made it the largest in the city. Among the singers was Archie Ruggles, whose tenor voice attracted the attention of an agent who immediately signed him for a minstrel tour. Ruggles for many years traveled widely in the United States as a minstrel.

**Chaplain In War**  
Father Stock's first pastorate was at St. Mary's Catholic church, New Oxford, where he became pastor at the beginning of World War I. When war was declared he resigned the pastorate and became the first priest from the Harrisburg diocese to enter military service. Commissioned as a first lieutenant, he served as chaplain with the 311th Field Artillery in France. The outfit was commanded by Col. Charles Mortimer and Major, later to become U. S. Senator, David A. Reed.

He will retain his office at 63 Queen street and Mrs. Deardorff will continue to reside at 272 Water street.

## FR. STOCK IS GIVEN PRAISE BY BISHOP LEECH AT DEDICATION

The Rev. Fr. Mark E. Stock, who announced his retirement as pastor of St. Francis Xavier Catholic church Sunday, was praised by Bishop George L. Leech Sunday afternoon at services held at the church in connection with the blessing and dedication of the new St. Francis Xavier school.

"I need not tell you," the Bishop of Harrisburg diocese said, talking directly to Father Stock, who was seated in the sanctuary during the service, "that you have the appreciation and love of your parish, your bishop and the priests of the diocese for all the good you have done for souls in your long pastorate."

"I am happy to join everybody here in paying our tribute of deep respect to Father Mark Stock," the bishop continued "who for the past 29 years has been pastor of St. Francis Xavier church. Now because of seriously impaired health he has laid down the pastoral burdens for younger men to carry."

**School Was Final Project**  
"Our prayers go with you that God may prosper you in soul and body for many years and that in the end you will receive the only reward that you were hoping for when you began your priestly duties so many years ago."

"The last pastoral enterprise Father Stock began was the building of this new St. Francis Xavier school. He began and watched the daily progress of the school with an interest and zeal only a pastor can feel. In the ways of God it was not for him, but for someone else to complete the new parish building, now open to all the children who will be welcomed to its hearth. It was in the providence of Almighty God for Father Anthony Kane to complete the many hundreds of details and have the glory of presenting to the diocese of Harrisburg and the nationally known city of Gettysburg this new building."

"Since Father Kane took over the pastoral duties he has had much to do, but the most important was the completion of the school."

**Praise For People**  
"The highest praise of all goes to those who actually made this new school possible — you, the people of St. Francis. You have had the help and leadership of pastor and priest, but if it were not for the firm and enlightened faith in you we today would not be dedicating the fine school that we have here."

"If it were not for your understanding of the very meaning of all life on earth, if it were not for your understanding of your relationship and responsibility to your children and the children of the parish, if you did not have this feeling of stewardship for the souls of youth, and if it were not for your determinations that your children would not grow up blind to the great realities of life—the need for a knowledge of God, then we would not today be joyously dedicating this school to the service of the community."

"You can rest assured that the school will produce the kind of American citizens and citizens of the city of God that you hope for."

**Lancaster Priest Speaks**  
"Your school is an answer to the question of why Catholics build and maintain their own schools. That answer is found in the question—'What does it profit a man to gain the whole world and suffer the loss of his immortal soul?'"

The Rev. Dr. John J. Kealy, S.J.D., pastor of Sacred Heart church, Lancaster, and former chancellor of the Harrisburg diocese, who gave the address at the dedicatory service, noted that "We Americans are proud."

## SICKLES QUILTS OCTOBER 1 AS FIRE MARSHAL, HEALTH OFFICER

Borough Health Officer and Fire Marshal Eugene S. Sickles today submitted his resignation from both offices effective October 1.

In a letter to the State Department of Health, Dr. Harrison F. Harbach, president of the local board of health; Burgess William G. Weaver and the borough council, Sickles noted that since he has had to neglect his own business in order to carry out the duties of marshal and health officer he is forced to resign the two posts because "I just cannot afford it." He also suggested in the letter certain changes in existing health ordinances.

Sickles' letter stated: "Effective October 1, 1950, I hereby submit my resignation from the position of health officer for the borough of Gettysburg. And, also effective October 1, 1950, I hereby submit my resignation from the position of fire marshal for the borough of Gettysburg."

**Cites "Inadequate Ordinances"**  
"I accepted appointment to the above named positions because of a sincere desire on my part to perform a service necessary to the health, safety and welfare of the people of Gettysburg. Since that time I have tried my best to carry out my duties to the best of my ability, even to the point where I neglected my private business of sign-painting, upon which I depend for a living. I have not been as successful in accomplishing all I had intended for the benefit of the citizens of Gettysburg, but I am satisfied I have done what I could under the existing inadequate ordinances."

"I reported on numerous occasions the existence of several dilapidated structures within the borough that were menaces to the health and safety of others, but absolutely nothing has been done by the borough authorities toward causing their removal. In two cases like this, the owners themselves removed the structures."

"The collection of garbage and refuse is a thankless job, but the ordinance covering same favors the collectors in no way, shape or form. The garbage collectors have been very (Please Turn to Page 2)

## NEW PASTOR IS INSTALLED AT GRACE CHURCH

Despite heavy showers at the time church worshippers were ready to leave their homes, approximately 200 members from both Grace Lutheran church, Two Taverns, and St. Luke's Lutheran church, White Hall, assembled in Grace church on Sunday evening to participate in the installation service for their newly elected pastor, Rev. Oscar E. Freeman, Gettysburg. The service was in charge of Rev. Dr. Dwight F. Putman, Harrisburg, president of the Central Pennsylvania Synod of the Lutheran church.

Dr. Putman in his installation sermon discussed "A Three-fold Responsibility of a Pastor." He said, "It is the duty of a pastor to impart the eternal truths contained in the Holy Bible as a preacher of the Word, by sharing the burdens of life during his pastoral work and by the example of his Christ-like living."

The chancel was decorated with baskets and vases of asters, chrysanthemum, dahlias, zinnias and pom-poms. Mrs. Clarence Myers was pianist. The following order of service was conducted: piano prelude; processional hymn, "To Thy Temple" (Continued on Page 7)

## Postpone Hearings In Women's Cases

The cases of Mrs. Paul Clapsaddle and Mrs. Mary Sillik, Bligerville, slated for hearings this morning before two Gettysburg justices of the peace, were continued until Wednesday morning, at the request, the two justices said, of the attorneys for both women.

Mrs. Sillik last week filed charges of assault and battery and surety of the peace against Mrs. Clapsaddle with Justice of the Peace John H. Basehore, and Mrs. Clapsaddle in turn filed an assault charge against Mrs. Sillik with Justice of the Peace Robert P. Snyder. Hearings in both cases were scheduled this morning, one at 10 o'clock and the other at 11 o'clock. Both women had furnished bail for their respective hearings.

## 28th Division Troop Train In Crash; 25 Soldiers Die

Coshooton, O., Sept. 11 (AP)—The Spirit of St. Louis, crack passenger train of the Pennsylvania Railroad, ploughed into a troop train stalled by mechanical trouble in thick fog early today.

Twenty-five soldiers, all members of the Pennsylvania National Guard, were killed.

Approximately sixty other Guardsmen, enroute to Camp Atterbury, Ind., to enter federal service, were injured.

Railroad officials said, "We won't have anything on cause of the wreck until after an investigation is made."

The railroad's headquarters at Philadelphia said at 10:15 a.m. (EST) that it had been advised by Col. Frank Townsend, of Wilkes-Barre, Pa., commander of the troop train, that there were 21 dead, 22 seriously injured and "numerous" minor injuries.

**Tracks Blocked**  
The engineman and fireman of the "Spirit of St. Louis" were taken to Denison, O., hospital, suffering from shock, the railroad said.

The spokesman said the "Spirit" had resumed its trip to St. Louis, minus three baggage cars which had been derailed behind the engine. The PRR said it had "established definitely" that there had been no injuries to passengers on the "Spirit" and that no passenger cars of that train had been derailed.

One of the two PRR tracks at the wreck scene will be cleared for traffic by early afternoon and the other indefinite hours later.

**Investigations Underway**  
Investigations have been started by the railroad, the Interstate Commerce Commission and "government authorities."

The railroad said there was nothing it could report at this time on the cause of the accident.

Most of the dead and injured were in an old-fashioned coach on the end of the 20-car troop train. Some were sleeping, others were being awakened for breakfast when the crash occurred at 5:15 a.m. (Eastern Standard Time).

**Coach Like Pile of Rubbish**  
The rear coach looked like a pile of tin cans and rubbish after it had been rammed. Its roof, 70 feet

long, was compressed into 10 feet.

Four hours after accident workmen with acetylene torches still were removing bodies from the wreckage. Each was tenderly laid, covered with an army blanket, on the ground as a heavy rain fell.

The troop train had stopped, apparently due to mechanical trouble, at 5:10 a.m. (EST) a mile east of West Lafayette. That town is seven miles west of Coshooton.

Red flares were put out, a train crew member said, but they apparently were not visible to the engineer of the approaching Diesel-drawn Spirit of St. Louis.

**From Wilkes-Barre Area**

The troop train had stopped for repair of an air hose. Several crew members and soldiers were standing at the rear when they heard "The Spirit" bearing down upon them. They jumped to safety.

Several passengers in the rear car also had time to jump out or fall flat on the floor after a soldier had run through the car shouting a warning.

The line is double-tracked at the scene. The crash came five minutes after the troop train had halted.

The worst casualties were among members of Battery B of 109th Field Artillery of Pennsylvania's 28th National Guard Division. And most of them were from Wilkes-Barre, Pa., and vicinity.

## 21 COUNTIANS DRAFTED TODAY

Twenty-one Gettysburg and Adams county young men boarded a chartered bus at 7:15 o'clock this morning for Harrisburg and induction in the army.

It was the first draft contingent to be called into service since January, 1949. Only a few relatives and friends were on hand outside the Kadel building, Baltimore street and Lincoln Square, as the draftees left.

A few tears and handclaps were all that marked the departure of the contingent. There was no other sendoff of a community or civic nature.

Local Board No. 1, with headquarters in the Kadel building, said the names of those who left this morning would not be given until confirmation of their final acceptance in the army is received from the State Selective Service headquarters in Harrisburg.

Fair officials expressed their appreciation of the support given by both those who attended and those who exhibited, and expressed the hope of putting on an even better fair next year.

**2,000 See Horse Show**  
About 2,000 jammed about the ring to watch the horse show proceedings.

One horse that captured the attention of everyone at the show was Ambrose, a chestnut gelding, entered by Russell's stables of New Cumberland. The horse, which won first in the open jumper, second place in the skyscraper jump and

## Bitter Fight Raging Along Korean Front Near Taegu

By RUSSELL BRINES  
Tokyo, Sept. 11 (AP)—Allied and Red big guns and infantry slugged at each other in bitter, close-range fighting today seven miles north of Taegu.

A fresh Red Korean offensive was expected there at any hour. Allied artillery and warplanes hurled showers of steel at Red troops and artillery pieces throughout Monday.

A U. S. Eighth Army spokesman said the American barrage knocked out "a great many" Red big guns. "Considerable action is expected in this area again tonight," a First Cavalry Division spokesman said. About 40,000 Communist troops were massed for attack against the Allied northwest wall.

## South Koreans Push On

East of this sector Allied South Korean forces ground ahead in an attack which has secured the defenses of Yongchong, eastern gateway to Taegu.

Elements of the South Korean Eighth Division drove six miles north of the vital Yongchong-Kyongju highway at one point in the north-east sector. At the high tide of last week's breakthrough, Red Korean artillery fire closed this road.

On a third critical area, Allied aircraft mangled a Communist regiment of 3,000 men in the Nakdong river bulge west of Changnyong.

The U. S. Second Division repulsed a sharp Red attack in the bulge. Slashing Allied fighter planes caught the North Koreans in the open as they reeled back from the doughboys' blows.

## 1,000 Reds Slain

This setback, added to previous Red losses, left the battlefield strewn with 1,000 Communist dead and 1,500 to 3,000 wounded, reconnaissance pilots reported.

Farther south, the U. S. 25th Division beat off several light attacks. The 25th counted the day as quiet in comparison with the heavy blows of last week.

Allied pilots reported some signs of a Red Korean withdrawal in this area west of Masan. The pilots said two Red battalions were moving north toward Uryong. But ground observers could not substantiate the report immediately.

## Allied Planes Active

The Eighth Army communique said the Red Koreans smashed at (Please Turn to Page 2)

"The highest praise of all goes to those who actually made this new school possible — you, the people of St. Francis. You have had the help and leadership of pastor and priest, but if it were not for the firm and enlightened faith in you we today would not be dedicating the fine school that we have here."

"If it were not for your understanding of the very meaning of all life on earth, if it were not for your understanding of your relationship and responsibility to your children and the children of the parish, if you did not have this feeling of stewardship for the souls of youth, and if it were not for your determination that your children would not grow up blind to the great realities of life—the need for a knowledge of God, then we would not today be joyously dedicating this school to the service of the community."

"You can rest assured that the school will produce the kind of American citizens and citizens of the city of God that you hope for."

**Lancaster Priest Speaks**

"Your school is an answer to the question of why Catholics build and maintain their own schools. That answer is found in the question — 'What does it profit a man to gain the whole world and suffer the loss of his immortal soul?'"

The Rev. Dr. John J. Kealy, S.J.D., pastor of Sacred Heart church, Lancaster, and former chancellor of the Harrisburg diocese, who gave the address at the dedicatory service, noted that "We Americans are proud (Please Turn to Page 2)

# SICKLES QUILTS OCTOBER 1 AS FIRE MARSHAL, HEALTH OFFICER

Borough Health Officer and Fire Marshal Eugene S. Sickles today submitted his resignation from both offices effective October 1.

In a letter to the State Department of Health, Dr. Harrison F. Harbach, president of the local board of health; Burgess William G. Weaver and the borough council, Sickles noted that since he has had to neglect his own business in order to carry out the duties of marshal and health officer he is forced to resign the two posts because "I just cannot afford it." He also suggests in the letter certain changes in existing health ordinances.

Sickles' letter stated: "Effective October 1, 1950, I hereby submit my resignation from the position of health officer for the borough of Gettysburg. And, also effective October 1, 1950, I hereby submit my resignation from the position of fire marshal for the borough of Gettysburg."

**Cites 'Inadequate Ordinances'**

"I accepted appointment to the above named positions because of a sincere desire on my part to perform a service necessary to the health, safety and welfare of the people of Gettysburg. Since that time I have tried my best to carry out my duties to the best of my ability, even to the point where I neglected my private business of sign-painting, upon which I depend for a living. I have not been as successful in accomplishing all I had intended for the benefit of the citizens of Gettysburg, but I am satisfied I have done what I could under the existing inadequate ordinances."

"I reported on numerous occasions the existence of several dilapidated structures within the borough that were menaces to the health and safety of others, but absolutely nothing has been done by the borough authorities toward causing their removal. In two cases like this, the owners themselves removed the structures."

"The collection of garbage and refuse is a thankless job, but the ordinance covering same favors the collectors in no way, shape or form. The garbage collectors have been very (Please Turn to Page 2)

# NEW PASTOR IS INSTALLED AT GRACE CHURCH

Despite heavy showers at the time church worshippers were ready to leave their homes, approximately 200 members from both Grace Lutheran church, Two Taverns, and St. Luke's Lutheran church, White Hall, assembled in Grace church on Sunday evening to participate in the installation service for their newly elected pastor, Rev. Oscar E. Freeman, Gettysburg. The service was in charge of Rev. Dr. Dwight F. Putman, Harrisburg, president of the Central Pennsylvania Synod of the Lutheran church.

Dr. Putman in his installation sermon discussed "A Three-fold Responsibility of a Pastor." He said, "It is the duty of a pastor to impart the eternal truths contained in the Holy Bible as a preacher of the Word, by sharing the burdens of life during his pastoral work by the example of his Christ-like living."

The chancel was decorated with baskets and vases of asters, chrysanthemum, dahlias, zinnias and pom-poms. Mrs. Clarence Myers was pianist. The following order of service was conducted: piano prelude; processional hymn, "To Thy Temple" (Continued from Page 7)

## Postpone Hearings In Women's Cases

The cases of Mrs. Paul Clapsaddle and Mrs. Mary Sillik, Biglerville, slated for hearings this morning before two Gettysburg justices of the peace, were continued until Wednesday morning, at the request, the two justices said, of the attorneys for both women.

Mrs. Sillik last week filed charges of assault and battery and surety of the peace against Mrs. Clapsaddle with Justice of the Peace John H. Basehore, and Mrs. Clapsaddle in turn filed an assault charge against Mrs. Sillik with Justice of the Peace Robert P. Snyder. Hearings in both cases were scheduled this morning, one at 10 o'clock and the other at 11 o'clock. Both women had furnished bail for their respective hearings.

# 28th Division Troop Train In Crash; 25 Soldiers Die

Coshocton, O., Sept. 11 (AP)—The Spirit of St. Louis, crack passenger train of the Pennsylvania Railroad, ploughed into a troop train stalled by mechanical trouble in thick fog early today.

Twenty-five soldiers, all members of the Pennsylvania National Guard, were killed.

Approximately sixty other Guardsmen, enroute to Camp Atterbury, Ind., to enter federal service, were injured.

Railroad officials said, "We won't have anything on cause of the wreck until after an investigation is made."

The railroad's headquarters at Philadelphia said at 10:15 a.m. (EST) that it had been advised by Col. Frank Townsend, of Wilkes-Barre, Pa., commander of the troop train, that there were 21 dead, 28 seriously injured and "numerous" minor injuries.

**Tracks Blocked**

The engineman and fireman of the "Spirit of St. Louis" were taken to Denison, O., hospital, suffering from shock, the railroad said.

The spokesman said the "Spirit" had resumed its trip to St. Louis, minus three baggage cars which had been derailed behind the engine. The PRR said it had "established definitely" that there had been no injuries to passengers on the "Spirit" and that no passenger cars of that train had been derailed.

One of the two PRR tracks at the wreck scene will be cleared for traffic by early afternoon and the other indefinite hours later.

**Investigations Underway**

Investigations have been started by the railroad, the Interstate Commerce Commission and "government authorities."

The railroad said there was nothing it could report at this time on the cause of the accident.

Most of the dead and injured were in an old-fashioned coach on the end of the 20-car troop train. Some were sleeping, others were being awakened for breakfast when the crash occurred at 5:15 a.m. (Eastern Standard Time).

**Coach Like Pile of Rubbish**

# I. W. WEIGANDT SERIOUS FROM BULLET WOUND

Irvin William Weigandt, 22, of Gettysburg R. 3, was in serious condition in the Warner hospital with a bullet wound in the abdomen following an accidental shooting while Weigandt, according to state police of the Gettysburg station, was returning from target shooting on the Knorr farm, Gettysburg R. 2, Saturday evening.

Weigandt and his wife, the former Sally Poppy, who make their home with Mr. Weigandt's parents at Woodlawn park, Lincolnway West, were returning from their target shooting about 8 p.m., state police said.

Weigandt had shoved the 22 caliber "high standard" target pistol inside his belt. The safety catch came off, police said, and the gun was accidentally discharged.

The bullet entered Weigandt's abdomen, perforating the bowel and bladder, police reported. Weigandt was able, however, to continue driving the automobile to his parents' home, where Dr. Robert S. Lefever was called.

Dr. Lefever summoned the ambulance and Weigandt was removed to the Warner hospital.

The third annual horse show, in which 76 horses competed, highlighted the final day of the 1950 South Mountain fair Saturday at the fair grounds.

Approximately 25,000 attended the fair during its four day presentation, starting Wednesday and ending Saturday. The largest attendance, nearly 10,000, was present on the final day.

Fair officials expressed their appreciation of the support given by both those who attended and those who exhibited, and expressed the hope of putting on an even better fair next year.

**2,000 See Horse Show**

About 2,000 jammed about the ring to watch the horse show proceedings.

# Bitter Fight Raging Along Korean Front Near Taegu

By RUSSELL BRINES

Tokyo, Sept. 11 (AP)—Allied and Red big guns and infantry slugged at each other in bitter, close-range fighting today seven miles north of Taegu.

A fresh Red Korean offensive was expected there at any hour. Allied artillery and warplanes hurled showers of steel at Red troops and artillery pieces throughout Monday.

A U. S. Eighth Army spokesman said the American barrage knocked out "a great many" Red big guns. "Considerable action is expected in this area again tonight," a First Cavalry Division spokesman said. About 40,000 Communist troops were massed for attack against the Allied northwest wall.

**South Koreans Push On**

East of this sector Allied South Korean forces ground ahead in an attack which has secured the defenses of Yongchong, eastern gateway to Taegu.

Elements of the South Korean Eighth Division drove six miles north of the vital Yongchon-Kyongju highway at one point in the northeast sector. At the high tide of last week's breakthrough, Red Korean artillery fire closed this road.

On a third critical area, Allied aircraft mangled a Communist regiment of 3,000 men in the Nakdong river bulge west of Changnyong.

The U. S. Second Division repulsed a sharp Red attack in the bulge. Slashing Allied fighter planes caught the North Koreans in the open as they reeled back from the doughboys' blows.

**1,000 Reds Slain**

This setback, added to previous Red losses, left the battlefield strewn with 1,000 Communist dead and 1,500 to 3,000 wounded, reconnaissance pilots reported.

Farther south, the U. S. 25th Division beat off several light attacks. The 25th counted the day as quiet in comparison with the heavy blows of last week.

Allied pilots reported some signs of a Red Korean withdrawal in this area west of Masan. The pilots said two Red battalions were moving north toward Uryong. But ground observers could not substantiate the report immediately.

**Allied Planes Active**

The Eighth Army communique said the Red Koreans smashed at (Please Turn to Page 2)

Miss Isabelle Shaw, Harrisburg, sang "Because," "I Love Thee" and "The Lord's Prayer" preceding the ceremony. She was accompanied by Mrs. Merle Copeland, organist, who played the traditional wedding marches.

## TWO INJURED IN AUTO ACCIDENT

Two persons were injured at 3:50 o'clock Saturday afternoon when their automobile ran off the highway at Clear Springs, five miles north of York Springs on the Gettysburg-Harrisburg highway, and overturned.

The driver, Gerald Trostle, 20, of Gettysburg, R. 2, was taken to the Harrisburg hospital in the Dillsburg ambulance. He suffered lacerations of the head and ears. Nancy Trostle, also 20, suffered lacerations of the left leg and arm, face and scalp and internal injuries. She was also taken to the hospital in the ambulance.

State police of the Gettysburg substitution, who investigated, said Trostle was driving north and had just passed another automobile. In getting back on his side of the highway again, he went off the road and upset, police said. Damage to the car was estimated at \$400.

Automobiles operated by Joseph L. Hagerman, 29, of 412 Carlisle street, Hanover, and Lewis E. Smith, 36, of McSherrystown, were involved in an accident in front of the Delone high school at 9 o'clock Sunday night, state police reported. They said the car driven by Hagerman sideswiped the Smith automobile. Total damage was estimated at \$35.

# AIN AIDS IN BRAVES' WIN; DIMAG HITS 3

(By The Associated Press)  
The Philadelphia Phillies lost a game with the Boston Braves and a weather yesterday but even with lady luck.  
Despite a rain-shortened 3-1 loss the Braves, the Whiz Kids maligned their 6½-game lead in the final league pennant scramble.  
The runner-up Brooklyn Dodgers led matters by losing to the New York Giants 6-4.  
The Phils-Boston game was a break-through for the league leaders.  
Whiz Kids were at bat in bottom half of the sixth inning but the score 3-2 when a downpour made the field unplayable.  
Under a major league ruling, the game reverted to the last completed inning—3-1—and washed out a homey rookie outfielder Jack Mayo, his chance being called up to replace injured Dick Sisler.  
Although the Braves' Johnny Sain lived credit for his 18th victory this season, he had been hit hard by the Phils before the rains came. Bob Church was the loser for the 12 Kids.

The New York Yankees' hopes of second straight American League pennant found a new stimulus in booming bat of Joe DiMaggio.  
The lean Yankee Clipper, a great "max" performer who dramatically "lived last year's team of destiny" in the championship, is showing signs of doing it again in the nerve-racking drive.

Joe Makes History  
DiMaggio created Griffith Stadium history yesterday as he smashed the 400-foot plus home runs into left field stands. His blows—the first time a player has planted three distant tiers in a single game—brought the Yankees an 8-1 victory over the Senators in the first of a doubleheader.

Sideways his homers, which raised output to 27, DiMaggio socked double and drew a walk, batted in runs, scored four and raised his batting average to .293.  
The Clipper almost found his way twice in the nightcap which was halted in the fourth inning because of rain with the Senators lead, 6-2. Leaping catches in front of the left field barrier deprived DiMaggio of two additional home runs.

By taking the opener the Yankees drew to within a half game of the league-leading Detroit Tigers, who it a doubleheader with the Chicago White Sox. They also retained their half-game edge over the third-place Boston Red Sox, who turned back their Philadelphia "cousins."

Tigers Divide  
Lefty Hal Newhouse pitched the game to a 1-0, 12-inning victory for Randy Gumpert in the opener. Chicago, winning out on a triple. Hoot Evers and single by Johnny Roth. The White Sox took the nightcap, 5-1, behind Ray Scarborough.

A three-run, pinch-hit double by Jim Wright featured a four-run, ninth-inning rally that gave the Red Sox their 22nd consecutive victory over the Athletics at Fenway Park.  
The St. Louis Browns further impeded Cleveland's pennant hopes by losing the fourth-place game, 2-1. It was the Browns' fourth straight victory over the Tribe, who all by seven games.

Slubby Overnair scattered eight Cleveland hits in beating Bob Feller, who permitted only five safeties.  
In the National League, St. Louis hit a doubleheader with the Pirates, winning the opener, 6-5, in ten innings but losing the finale, 6-2.  
The Cincinnati Reds took a doubleheader from the Chicago Cubs, 12-5 and 2-1. A seven-run rally the fourth decided the opener.  
In Meeks drove in both runs with two-run single in the second inning of the nightcap.

## Eastern League

(By The Associated Press)  
The Albany Senators, hottest team in the Eastern League, look to the governor's cup playoffs for a chance to redeem themselves for their flaccid year in the playoffs.

The Senators sewed up fourth place—and a shot at the playoffs—yesterday by shutting out the Williamsport Tigers, 3-0. The win gave them a one-game edge over the 14th-place Utica Blue Sox.

The best-of-seven semi-finals are to start tomorrow night in Wilkes-Barre and in Binghamton, home of the last year's playoff winners. The triplets finished in second place this year. The third-place Hartford Alois invaded Wilkes-Barre and Binghamton.  
The Indians and the Chiefs play tomorrow and Wednesday at Wilkes-Barre, travel to Hartford Thursday, and play there Friday, Saturday, and, if necessary, Sunday. If more games are needed, the clubs return to Wilkes-Barre. Binghamton plays home tomorrow and Wednesday, and moves to Albany Thursday and Friday.

## ATTENDS CONFERENCE

Miss Ann Haenn, of Delone Catholic high school, McSherrystown, presented the Adams County Junior Red Cross Council at the Junior Red Cross leadership training conference held from Friday until Sunday evening at Indian York Park under the auspices of the York and Harrisburg chapters.

## Penn-Maryland Baseball League

Emmitsburg and Middleburg won the opening semi-final games for the playoff championship of the Penn-Maryland baseball league on Sunday afternoon.

The Emmitsburg nine edged Harney 8-7 at Harney after getting off to a 5-0 lead in the first inning and a half. Harney fought back the entire way and pushed over a pair of runs in the last of the seventh inning to almost pull the game from the fire.

In the other semi-final contest Middleburg nosed out Wakefield 2-1. Rain and wet grounds prevented opening semi-final games in the Penn-Mar Baseball league on Sunday.

Harney was leading Emmitsburg 1-0 at Emmitsburg when rain halted the game in the fifth inning. The McSherrystown-Blue Ridge Summit game on the latter's field was postponed due to wet grounds.

## SAM SNEAD IS READING WINNER

Reading, Pa., Sept. 11 (AP)—Samuel Jackson Snead, the golfing West Virginia hill-billy, headed for St. Louis today, his pockets jingling with cash.

It was an old feeling for Snead, biggest money winner among the nation's golfers, but the jingle of the coin was louder that it has been since last May.

For Snead had won his first major tournament since he took the Colonial invitation at Fort Worth, Tex.

It was quite a victory. In picking up top money of \$2,600 at the Reading open, Snead shattered the competitive course record on the 6,456-yard Berkshire Country club layout. And he set his new record in a driving rainstorm.

It was all over but the check-paying Friday night when Snead moved six strokes ahead of the field. But Sammy did more than go through the motions yesterday as he fired his fourth straight subpar round to come home with his record-breaking score of 268.

Jim Ferrier of San Francisco was eight strokes behind in second place with a 72-hole total of 276. He beat last-finisher Glenn Teal of Jacksonville, Fla., for place money by a single stroke.

A three-run rally in the top of the fifth inning gave Hunterstown a 4-2 victory over Greentown in the first semi-final game for the playoff title of the South Penn Baseball league. The game was played Sunday afternoon at Greentown.

Clyde Little, Hunterstown hurling ace, limited the regular season champs to four hits while his teammates secured 11. J. King poled a homerun for the winners. ## Interstate League

(By The Associated Press)  
The Harrisburg Senators will make another attempt tonight to clinch their semi-final Interstate league playoff series with the Wilmington Blue Rocks.

The Senators, who finished third in the regular season, hold a 3-2 game margin over the pennant-winning Blue Rocks in the best-of-seven series.  
Rain washed out the sixth game of the set yesterday after Wilmington had staved off elimination with an 8-2 victory Saturday.

The runner-up Hagerstown Braves battled their way into the final series Saturday by downing the fourth-place Trenton Giants 4-3. Trenton won only one of the five games played.

Pittsburgh, Sept. 11 (AP)—Roswell Magill, New York attorney and former undersecretary of the U. S. Treasury, said today the United States "must think of a tax program which will produce the revenue we need and yet enable our productive machine to function at high speed for many years to come."

"We win wars by outproducing our enemy," Magill said in a prepared speech at the opening session of the 43rd annual conference on taxation of the National Tax association.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 11 (AP)—It is with a feeling of relief that this corner received a football communication that isn't covered with blue clouds.  
From a North Carolina U. supporter, who protects himself with "don't quote me," comes the suggestion that the Tar Heels might upset mighty Notre Dame, come September 30. "They might take us lightly, I hope," our informant adds. . . . that hope doesn't look promising in view of this statement from South Bend: "If they could beat North Carolina, a certain amount of confidence would return. If they don't, more losses will follow." . . . Point is that Carl Snavely is about to spring his "A" formation, which he tried out in spring practice. It's a sort of wing-T with no blocking back and is bound to cause confusion for a while. It could be just enough to swing that game, but this corner won't buck the odds.

## SUBB, NORMAL

Rusty Russell, the Southern Methodist U. coach who isn't boasting about the reserve strength he has behind Kyle Rote, still can get a laugh by recalling his days as coach at Port Worth, Tex., Masonic home.  
Seems Rusty had only about a dozen players capable of holding their own in class "AA" school competition, so he taught one boy to fill in at any position. . . . the kid sat on the bench all season, waiting his chance until one of the regulars finally was hurt. . . . Rusty devoted every effort to getting the injured regular back on his feet and finally succeeded. . . . out to the quick, the one sub yelled: "Why didn't you send me in, Coach?" . . . Amazed Russell turned and yelled back: "What! and use up all my reserve strength!"

## MONDAY HATINEE

The National Hockey league has more than a half million bucks in its players pension fund with the fourth annual all-star game, which provides the dough, scheduled October 9 in Detroit. . . . And there hasn't been any big TV dough, either. . . . When Ray Farnoch bounced back after appendix and nose operations to defend his European middleweight title, it inspired his brother, Andre, who had been badly hurt in an auto accident in Australia, to try fighting again. Andre found the opposition too tough.

## Adams County Baseball League

The Conewago VFW team of the Adams County Baseball league was eliminated in the championship playoffs Saturday afternoon when the Hanover Moose won a 5-0 victory at Arendtsville. Hanover had previously been awarded a forfeit over the VFW and thereby gains credit for a clean sweep in its best-of-three semi-final series.

Wet grounds at Fairfield forced postponement of the New Oxford-Fairfield game and the contest will be held next Saturday at Fairfield. In the opening game between the teams New Oxford won 11-10.

Earl Moul and Reed Kopp formed the winning battery for Hanover on Saturday. Moul permitting but five hits, two by Taylor. Bucky Walters and Ronnie Baltzley divided the hurling for Conewago and yielded seven hits, three of which went for home runs, by Becker, Hanover shortstop. Bushey caught for the losers.

The next district meeting will be held November 12 at Dillsburg, it was announced.  
At the auxiliary district meeting held at the same time at East Berlin, the members of the Gettysburg Auxiliary demonstrated the introduction of guests at a meeting.

Tigers Divide  
Lefty Hal Newhouse pitched the first of a 1-0, 12-inning victory for the Detroit Tigers over the Chicago White Sox in the opener of a doubleheader. The White Sox took the first game, 5-1, behind Ray Scarborough.

A three-run, pinch-hit double by M. Wright featured a four-run, pinch-inning rally that gave the White Sox their 22nd consecutive victory over the Athletics at Fenway Park.

The St. Louis Browns further impeded Cleveland's pennant hopes by losing the fourth-place game, 2-1. It was the Browns' fourth straight victory over the Tribe, who all by seven games.

Stubby Overmire scattered eight Cleveland hits in beating Bob Feller, who permitted only five safeties. ## Eastern League

(By The Associated Press)  
The Albany Senators, hottest team in the Eastern League, look to the Governor's cup playoffs for a chance to redeem themselves for their fizzle last year in the playoffs.

The Senators sewed up fourth place—and a shut out at the playoffs—yesterday by shutting out the Williamsport Tigers, 3-0. The win gave them a one-game edge over the top-place Utica Blue Sox.

The best-of-seven semi-finals are to start tomorrow night in Wilkes-Barre and in Binghamton, home of last year's playoff winners. The triplets finished in second place this year. The third-place Hartford Blues invaded Wilkes-Barre and bany travels to Binghamton.

The Indians and the Chiefs play tomorrow and Wednesday at Wilkes-Barre, travel to Hartford Thursday, and play there Friday, Saturday, and, if necessary, Sunday. If more games are needed, the clubs return to Wilkes-Barre. Binghamton plays home tomorrow and Wednesday, and moves to Albany Thursday and Friday.

## Penn-Maryland Baseball League

Emmitsburg and Middletown won the opening semi-final games for the playoff championship of the Penn-Maryland baseball league on Sunday afternoon.

The Emmitsburg nine edged Harney 8-7 at Harney after getting off to a 5-0 lead in the first inning and a half. Harney fought back the entire way and pushed over a pair of runs in the last of the seventh inning to almost pull the game from the fire.

In the other semi-final contest Middletown nosed out Wakefield 2-1. Rain and wet grounds prevented opening semi-final games in the Penn-Mar Baseball league on Sunday.

## SAM SNEAD IS READING WINNER

Reading, Pa., Sept. 11 (AP)—Samuel Jackson Snead, the golfing West Virginia hill-billy, headed for St. Louis today, his pockets jingling with cash.

It was an old feeling for Snead, biggest money winner among the nation's golfers, but the jingle of the coin was louder that it has been since last May.

For Snead had won his first major tournament since he took the Colonial invitation at Fort Worth, Tex.

It was quite a victory. In picking up top money of \$2,600 at the Reading Open, Snead shattered the competitive course record on the 6,456-yard Berkshire Country club layout. And he set his new record in a driving rainstorm.

It was all over but the check-passing Friday night when Snead moved six strokes ahead of the field. But Sammy did more than go through the motions yesterday as he fired his fourth straight subpar round to come home with his record-breaking score of 268.

Jim Ferrier of San Francisco was eight strokes behind in second place with a 72-hole total of 276. He beat fast-finishing Glenn Teal of Jacksonville, Fla., for place money by a single stroke.

## South Penn Baseball League

A three-run rally in the top of the fifth inning gave Hunterstown a 4-2 victory over Greenmount in the first semi-final game for the playoff title of the South Penn Baseball league. The game was played Sunday afternoon at Greenmount.

Wet grounds forced postponement of the Gettysburg-Green Springs game carded for the latter's field. The teams will meet next Sunday at Green Springs while Greenmount will play at Hunterstown. Both series are on a best-of-three basis.

Clyde Little, Hunterstown hurling ace, limited the regular season champs to four hits while his teammates secured 11. J. King poled a homerun for the winners. The game was halted by rain at the end of seven innings. Greenmount contributed a triple play during the game, Knox to McSherry to R. Fisel to Ken Fair.

Pittsburgh, Sept. 11 (AP)—Roswell Magill, New York attorney and former undersecretary of the U. S. Treasury, said today the United States "must think of a tax program which will produce the revenue we need and yet enable our productive machine to function at high speed for many years to come."

"We win wars by outproducing our enemy," Magill said in a prepared speech at the opening session of the 43rd annual conference on taxation of the National Tax association.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 11 (AP)—It is with a feeling of relief that this corner received a football communication that isn't covered with blue clouds.

From a North Carolina U. supporter, who protects himself with "don't quote me," comes the suggestion that the Tar Heels might upset mighty Notre Dame, come September 30. "They might take us lightly, I hope," our informant adds. . . that hope doesn't look promising, in view of this statement from South Bend: "If they could beat North Carolina, a certain amount of confidence would return. If they don't, more losses will follow. . . Point is that Carl Snively is about to spring his 'A' formation, which he tried out in spring practice. It's a sort of wing-T with no blocking back and is bound to cause confusion for a while. It could be just enough to swing that game, but this corner won't buck the odds.

SUBB NORMAL  
Rusty Russell, the Southern Methodist U. coach who isn't boasting about the reserve strength he has behind Kyle Rote, still can get a laugh by recalling his days as coach at Port Worth, Tex., Masonic home.

Seems Rusty had only about a dozen players capable of holding their own in class "AA" school competition, so he taught one boy to fill in at any position. . . the kid sat on the bench all season, waiting his chance until one of the regulars finally was hurt. . . Rusty devoted every effort to getting the injured player back on his feet and finally succeeded. . . cut to the quick, the one sub yelled: "Why didn't you send me in, Coach?" . . . Amazed Russell turned and yelled back: "What! and use up all my reserve strength!"

MONDAY HATTEE  
The National Hockey league has more than a half million bucks in its players pension fund with the fourth annual all-star game, which provides the dough, scheduled October 9 in Detroit. . . And there hasn't been any big TV dough, either. . . When Ray Farnham bounced back after appendix and nose operations to defend his European middleweight title, it inspired his brother, Andre, who had been badly hurt in an auto accident in Australia, to try fighting again. Andre found the opposition too tough.

36 Late Entries  
Almost as many entries were received at the time of the show as had been received prior to that time. There were 40 horses listed on the program as scheduled to take part. Thirty-six entries were received on Saturday afternoon.

Intermittent showers failed to dampen the enthusiasm of the spectators. When the first shower came most of the audience sought shelter. They returned in larger numbers after the shower with raincoats and umbrellas and thereafter when the rains came the spectators remained to watch the proceedings.

Tiny 2½-year-old Deborah Swope won first place and her third blue ribbon in the lead-line pony class on Snooks, entered by Hoffman-Winebrenner farm, of Gettysburg. Second, third and fourth honors, respectively, went to Nancy Eyster on Fatty, owned by George E. Eyster; Crafter Cooley on Spot, owned by Mrs. Richard Coleman, and Steve Clapsaddle on Beauty, owned by Wilson Clapsaddle, Gettysburg R. 1. Miss Swope won first places before at Hanover and Dallastown.

Large pony class winners included Pride, entered by George Ginnell, Zora; Betsy, entered by Esther E. Cauffman, Seven Stars, Robin, entered by Jane Baker, Mechanicsburg, and Snow Flake, entered by Nancy Wolff, Springs avenue.

Skyscraper jump winners were, in order: Chaplin, Ambrose and Star Return, all owned by Russell's Stables and driven by Harry Baker, and Grey Miss, ridden and owned by Elsie Thomas.

State police of the Gettysburg substation, who investigated, said Trostle was driving north and had just passed another automobile. In getting back on his side of the highway again, he went off the road and upset, police said. Damage to the car was estimated at \$400.

Automobiles operated by Joseph L. Hageman, 29, of 412 Carlisle street, Hanover, and Lewis E. Smith, 36, of McSherrystown, were involved in an accident in front of the Delone high school at 9 o'clock Sunday night, state police reported. ## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

**Death of Dr. Nes:** We announced on Monday last, on the authority of a gentleman arrived from York, the death on Saturday night of our Representative in Congress, Dr. Nes. It was premature. He died, however, on Tuesday evening. His age was about 50 years.

A meeting of the Whig county committee, we learn, is to be held on Tuesday to take measures in regard to a candidate.

The celebrated Jenny Lind made her debut at New York on Wednesday night, and the excitement was unprecedented, the crowd immense and her performance spoken of in the most rapturous manner. She is certainly, from all accounts, the most gifted woman in the world, in this particular. She has expressed her intention to give her share of the net proceeds, considerably more than \$10,000, to the various charities in the city of New York.

**Married:** On the 8th inst., by the Rev. Jacob Ziegler, Mr. John Harner, of Freedom township, to Miss Susan A. Plank, of Cumberland township.

On the 8th inst., at Conewago Chapel, by the Rev. Mr. Enders, Mr. Jacob Strasbaugh to Miss Mary Will, daughter of Jacob Will, Esq.—both of Mountpleasant township.

On the 5th inst., by the Rev. Jacob Ziegler, Mr. Peter Kline, of Franklin township, to Miss Mary Noel, of Menallen township.

On the 5th inst., by the Rev. B. Keller, Mr. Blackford Campbell, of Emmitsburg, Md., to Miss Mary Margaret Bradley, of this borough.

On the same day, by the same, Mr. Peter Kettomen, to Miss Mary Johns—both of this county.

**Died:** On Thursday morning, Mr. John Coe, of this borough, aged 50 years and 11 months.

**SEVENTY-FIVE YEARS AGO**  
Republican County Convention: The Republican County convention met on Monday and on motion of A. J. Cover, Esq., was organized by appointing the following officers: President, John Cunningham; vice presidents, Ephraim Myers, J. Stuart Withrow; secretaries, W. Hamilton Bayley and I. Newton Durbowar.

In the morning nominations were made for the various offices and in the afternoon the balloting took place with the following result:

Sheriff, Isaac Staub; clerk of the courts, J. W. Young; county treasurer, Israel Shank; register and recorder, Alex Cobean (by acclamation); commissioners, Isaac D. Worley and David P. Forney; director of the poor, Henry Spangler; auditors, Capt. Albert M. Hunter and Jos. A. Eckenrode; coroner, Dr. Ezra S. Meals.

One resolution passed favored the re-election of Governor John F. Hartranft.

Another resolution favored the sending of W. W. Stewart and E. G. Fahnestock as representative delegates to the next Republican State convention, with power to substitute.

**Married:** Benner-Durbowar. On the 7th inst., by Rev. M. L. Gano, Mr. Joseph Benner, of Straban township, to Mrs. Mary R. Durbowar, of this place.

## Today's Talk

By GEORGE MATTHEW ADAMS

### INDIFFERENCE

One of the surest ways to lose battles and friends is to be indifferent. Indifference has many a time changed the course of history. To win any sort of a battle, all that we possess should be thrown into it, if we desire victory. It's the same with holding of a friend. To keep that friend there must be wholehearted loyalty, accepting that friend as is—faults, virtues and all!

There is much imperfection in us all that we should be kindly toward imperfections in others. Their virtues can be made to shine before our eyes with so much more glow and satisfaction when we show an interest in all the undertakings of our friends. More friends are lost by indifference than anything else.

There is something deadly about indifference that eats into the soul. It is through the indifference of the people of a nation that their liberty and freedom often have been swept from under their feet. We get bad legislators because of our indifference toward good government.

The privileges and opportunities in a democratic state are endless but if we are governed by indifference toward them we are apt to lose them without realizing their loss until it is too late to save them. We only preserve those things in which we are interested in preserving. A citizen's free ballot is one of his greatest inheritances. It is his personal key to good government—if he wants it! Through indifference to this ballot, by a non-use of it, often bad government results.

The employer who is interested in his employees, giving them encouragement and cheer, can hardly fail to be anything but successful. In indifference to a good worker's worth has often lost that worker, and to a wisecracker! On the other hand, indifference toward one's own work, no one.

Glory in the new day that is yours. Be not indifferent to its revelations and blessings. Give the most and all that you are to it, in your work, with your friends, and when at the close, meditate upon all that has been yours, and upon all that you have given away!

Tomorrow Mr. Adams will talk on the subject "Second-Life Pleasures"

LUCKY

"Lucky!" sneered a fellow grim. No one near-by to remind him: When good fortune smiled on him

He was out where luck could find him. When on shore the smart ones stayed Change of wind and weather wishing.

"Lucky!" was the comment made. He was lucky! He went fishing.

Say it often, as men will. Some are lucky, past denying; But we should remember still: Luck will seek the lad who's trying.

Luck the quitter passes by. Doomed to failure it will grade him. Who needs help to win must try And be out where luck can aid him.

## BIG MANEUVERS GET UNDERWAY IN W. GERMANY

By DONALD DOANE  
Heidelberg, Germany, Sept. 11 (AP)—The Atlantic "Big Three" powers put nearly 100,000 troops into the field here today to test their skill at repelling a mock invasion from the east.

High ranking military observers from all the Atlantic Pact nations, including Gen. Mark W. Clark, commander of U. S. field forces, were on hand to see how the U. S., British and French western troops would acquit themselves in the week-long maneuvers.

The test will involve tanks, planes and simulated paratroop drops behind the front lines. A U. S. Cavalry regiment is representing a mythical enemy force of some six divisions, striking into western Germany from the Russian zone and Czechoslovakia.

### Called "Routine"

Officials said the maneuver was planned last winter "long before the Korean fighting began." They described it as routine.

Gen. Clark told reporters he has been directed to report on the combat fitness of American troops when he returns to Washington. He said additional U. S. troops, approved Saturday by President Truman, probably will begin arriving in western Germany soon. Some Washington sources have estimated that as many as five or 10 divisions will be sent to Europe.

Simulating the actual comparative troop strength of the western powers and Russia in Germany, the Allies are outnumbered more than two to one by the "invading" force.

### Other Units

Manning the ground defenses during the mock invasion are the crack U. S. First Infantry division and the U. S. Constabulary's First and Second brigades. They are being joined by France's Seventh Algerian regiment and Britain's First Royal Dragoons.

One American infantry regiment from Trieste and another from Austria also are taking part in the maneuvers. The U. S. Navy is furnishing river patrols.

Britain and France each are sending a fighter plane squadron to support the all-Jet 36th Fighter wing and the 61st Troop Carrier wing of the American Air Force.

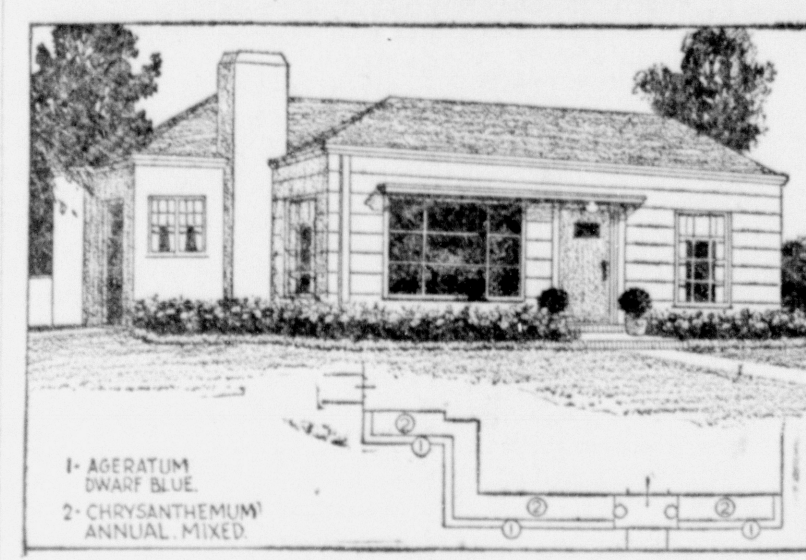

### COWBOY GAME FATAL

Phoenixville, Pa., Sept. 11 (AP)—The death of Charles E. Platt, Jr., 14, found hanging in the hayloft of his father's barn, has been listed as accidental by Chester County Coroner Creston Shoemaker. The Platt boy was found by his mother Friday night. Shoemaker said the youngster, son of the controller of Lit brothers department store, Philadelphia, accidentally killed himself while reenacting a cowboy scene.

## Low Flower Border Frames View of Modern House

Keep Plants Low in Front of the New One-Story Homes.

A new type of planting is required for modern homes, one-story, without high basements, with main floor only one or two steps above ground level.

Tall shrubs and evergreens used in "foundation" planting grow too high for these low houses, making them seem lower, and eventually hiding them from view and shutting the sunshine and view out.

Landscaping should frame the house and emphasize its good points. A low house should never be dwarfed by tall plants before or around it; and a small house should not be made to seem smaller. Only low plants should be used in front of low modern houses.

These effects can be well achieved by annual flowers; and the fashion for flowers in the front yard is spreading rapidly. An example of the effect which they produce is given in the illustration. On either side of the door a globe-shaped evergreen in a tub is used, rather than a pyramidal evergreen which would soon grow too large. The

line where house wall meets the ground is planted with a border of annual chrysanthemums, growing two feet tall, bearing single flowers of richly varied orange, brown, white and yellow flowers.

Edging this border is a row of ageratum, one of the best sources of blue tones for flower borders. There are many other combinations which could be used in a similar way to produce a pleasing effect, in harmony with the colors of house wall and roof. In planting near modern houses simple color schemes, two, not over three, harmonious colors, are usually considered best. Any of the sun-loving annuals which grow to a suitable height may be used on the east, west and south sides of houses; but on the north varieties which are known to endure shade must be chosen. It is important that the colors used in borders around the house shall harmonize with the house colors, repeating them, or forming a harmonious contrast of complementary colors.

### TIMELY TASKS FOR SEPTEMBER

Feed established lawns by broadcasting 6-8-6 fertilizer at the rate of 2 to 3 pounds per 100 square feet and watering it into the soil at once.

Rhododendrons and mountain laurel may be planted now. But burrheaded nursery plants and set them out in a well drained soil that is suitably acid.

It is not too late to plant Madonna lily bulbs the first week to 10 days of September.

Plant a few more rows of radishes; sow leaf lettuce in an open sunny coldframe; sow turnips for late greens.

Give roses a light cultivation after gathering and burning all fallen leaves and other rose litter.

Peach tree owners should inspect their trees carefully for borers—the type that attacks the trunk collar and main roots. Parachlorobenzene or ethylene dichloride applications in late September are recommended for control.

Sow law seed before the middle of the month for starting new lawns or repairing old failing turfs. If in doubt about any phases of this work, send a self-addressed stamped envelope to the editor for a free copy of our lawn building instructions.

September 15 is the traditionally sound date for planting peonies or dividing and replanting old crowding clumps. The editor invites all questions readers wish to ask on the subject.

To have tulip, hyacinth and daffodil (narcissus) plants in bloom for Christmas, pot bulbs by the middle of September and store pots in a dark, medium cool place for root formation.

Choose a warm, bright day to dig onions. Let the bulbs dry in the sun, remove tops in the garden and store directly in slat crates. Good ventilation in the storage room is necessary for several weeks to carry off surplus moisture.

Allow winter varieties of squash to ripen fully on the vines, free from shade of weeds and grass. Distinctly them in a formaldehyde solution and store them in a well ventilated room while still moist from the immersion.

If unseasonably early frosts come in late September, protect late snap beans, tomatoes, cucumbers, and other tender crops on threatening nights. There will be several weeks of ideal gardening weather before winter arrives.

Destroy, plow under deeply, or feed to livestock all sweet corn refuse to reduce European corn borer and ear worm infestations next year.

Gladiolus corms may be dug as soon as the tops die back naturally. Prepare soil for planting onion sets in late October. Here is one of the best early spring revenue crops, economical to produce and commanding wide consumer markets. High quality green onions are

be sown between rows of crops that mature late.

Plan to clean up the cornstalks before winter to help control the European corn borer.

Pears should be picked before they are ripe. They will decay rapidly if left on the tree too long.

Insects are active in the garden now. Aphids are abundant, especially on the members of the cabbage family. Control by spraying or dusting with nicotine. Keep after the cabbage worms, the Mexican bean beetle and cucumber beetle, as they will be in the garden until frost. Use rotenone to keep them in check.

Special care for roses this fall will be necessary as the recent spell of wet weather has caused many rose plants to be severely defoliated. A regular ten-day spraying program should be maintained well into the fall and the can which have grown high above the rose bed should be pruned back sufficiently to keep the plants symmetrical and with bounds.

With autumn not far off, preparations for the storage of vegetables from the home garden should be made now.

This is the favored month for planting peonies, while the roses are nearly dormant and moving can be accomplished with the least injury. Plant them in a sun location where trees or shrubs will act as a protection from the winter winds.

Sow seeds of larkspur now for next summer's bloom.

# SEES SPIRITUAL REVIVAL NEED OF DEMOCRACIES

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

There's one aspect of the cold war between the isms regarding which a lot of folk are making what could be a disastrous mistake.

This is in harboring the belief that the argument is purely political. That's about as far off the beam as anybody could get.

The Communist ideology comprises a new way of life, dealing with every phase of human activity, from the cradle to the grave.

It is a regimentation which aims at complete uniformity of ideological viewpoint by whole populations. It envisages world conversion, with Moscow as the seat of guidance.

## Work of Generations

But, somebody asks, isn't that the work of generations? It certainly is—and all indications are that Russia so regards it.

The Kremlin clearly is planning

far beyond the time of Stalin or any of his captains. Jacob Malik, Soviet delegate to the U.N., has declared that the program will be carried out if it takes a hundred years.

The question arises as to how this ideological crusade is to be met. It's no good pursuing the negative defense of merely arguing that communism is contrary to our way of life. The challenge must be met by demonstrating that the democratic ideology is what the world needs.

## Need Spiritual Emphasis

How is democracy to meet this challenge of a communism which is deliberately designed not only to provide a complete way of life but to take the place of all religion, which it disavows? Ordinary political arguments certainly won't turn the trick.

There is a growing feeling in the United States and many other countries of the democratic bloc that communism cannot successfully be challenged unless the democratic ideology emphasizes the spiritual as well as the economic aspect of life.

There are many who feel that things spiritual have been too much neglected among the democracies, and that a revival should be made a vital part of the ideological battle. In any event, if democracy is to

Dear Sir:

In my considerable years along the romantic and sometimes hectic trail of printer's ink I have never seen a better job of commemorative journalism than the Sesquicentennial Edition of The Gettysburg Times, celebrating the genesis of Adams County and its sterling daily. You and your associates of the editorial, advertising and mechanical departments are to be highly commended for your 192 page issue which gives proof of the high quality of American journalism.

While I have no ties with Adams County beyond a revered friendship with the estimable Paul L. Roy family and never-to-be-dimmed recollections of two happy visits to historic Gettysburg, I spent the greater portion of this day, the Sabbath, in gripping perusal of your colossal issue. And while the reading furnished me with a wealth of interesting facts, it also convinced me that the individual with an unbreakable devotion.

esting information it gave me a deep insight into the spirit of your pioneers, the do and dare spirit that turned our American wilderness into the most prosperous and freedom-giving land under the canopy of heaven.

Your Adams County pioneers exemplified the three faiths that dominated the founders of our nation and these who, through the coursing years, are responsible for our heritage of freedom and unexcelled opportunity—faith in themselves, faith in country and faith in God. It was these unimpeded faiths that guided the makers of Adams County and today, as we face the threat to our liberty by the cunning 13 godless Reds of the Kremlin, we need a blazing revival of the three impelling faiths.

Coming of pioneer stock, but one jump from the log cabin of my father and grandfather who fought a wilderness for a living, I know something of the spirit that governed early settlers, and in these days of Commie infiltration into our nation, the dreadful succumb of flighty minds to evil ideologies, conceived by atheistic and power and self-scheming wretches, I urge an immediate return to the faiths of the Adams

County forebears. Your Sesquicentennial Edition tells in its more than seven tons of newsprint and 450 pounds of printer's ink, backed by the assiduous efforts of the editorial, mechanical and advertising personnel what can be accomplished by a straightway American citizenry. Your journalistic job is excellent indeed and the praise comes from one who happily devoted many years as a reporter, editor, foreign correspondent and daily columnist. Meadville, Pa., Sept. 11 (P) — The Erie conference of the Methodist church has called for safeguarding individuals and organization against being listed as "subversives" or "fronts" by the House Un-American Activities Committee.

A statement of the church report, adopted almost unanimously, urged that before the committee or any government agency tags citizens or societies, it should do three things: Make "a thorough investigation," press charges and give "a fair opportunity for self-defense."

**Today's Talk**  
By GEORGE MATTHEW ADAMS

**INDIFFERENCE**

One of the surest ways to lose battles and friends is to be indifferent. Indifference has many a time changed the course of history. To win any sort of a battle, all that we possess should be thrown into it, if we desire victory. It's the same with holding of a friend. To keep that friend there must be wholehearted loyalty, accepting that friend as is—faults, virtues and all!

There is much indifference in us all that we should be kindly toward imperfections in others. Their virtues can be made to shine before our eyes with so much more glow and satisfaction when we show an interest in all the undertakings of our friends. More friends are lost by indifference than anything else.

There is something deadly about indifference that eats into the soul. It is through the indifference of the people of a nation that their liberty and freedom often have been swept from under their feet. We get bad legislators because of our indifference toward good government.

The privileges and opportunities in a democratic state are endless but if we are governed by indifference toward them we are apt to lose them without realizing their loss until it is too late to save them. We only preserve those things in which we are interested in preserving. A citizen's free ballot is one of his greatest inheritances. It is his personal key to good government—if he wants it! Through indifference to this ballot, by a non-use of it, often bad government results.

The employer who is interested in his employees, giving them encouragement and cheer, can hardly fail to be anything but successful. Indifference to a good worker's worth has often lost that worker, and to a wiser competitor! On the other hand, indifference toward one's own work pays no one.

Glory in the new day that is yours. Be not indifferent to its revelations and blessings. Give the most and all that you are to it, in your work, with your friends, and when at the close, meditate upon all that has been yours, and upon all that you have given away!

Tomorrow Mr. Adams will talk on the subject "Second-Life Pleasures"

**DEVOTION OPENS AT ST. ALOYSIUS**

A large number of parishioners were present Sunday evening in St. Aloysius Catholic church for the inauguration of the devotion to "Our Lady of the Miraculous Medal." The Rev. Fr. Francis Leddy, New York, a Vincentian priest of the Congregation of Missions, was present to explain the devotion and to relate a brief history of its origin in 1830, when the Blessed Mother appeared to St. Catherine Labouré, a sister of Charity of St. Vincent dePaul.

The novena, which began at the service on Sunday evening, will continue each evening this week, through Friday, at 7:30 o'clock. The order of exercises follows: Hymn, "Mother Dearest, Mother Fairest"; opening prayer; prayers by priest and people including the "Memoria"; novena prayer; an act of consecration to our Lady of the Miraculous Medal. **Low Flower Border Frames View of Modern House**

1- AGERATUM DWARF BLUE  
2- CHRYSANTHEMUM ANNUAL MIXED

Keep Plants Low in Front of the New One-Story Homes.

A new type of planting is required for modern homes, one-story, without high basements, with main floor only one or two steps above ground level.

Tall shrubs and evergreens used in "foundation" planting grow too high for these low houses, making them seem lower, and eventually hiding them from view and shutting the sunshine and view out.

Landscaping should frame the house and emphasize its good points. A low house should never be dwarfed by tall plants before or around it; and a small house should not be made to seem smaller. Only low plants should be used in front of low modern houses.

These effects can be well achieved by annual flowers; and the fashion for flowers in the front yard is spreading rapidly. An example of the effect which they produce is given in the illustration. On either side of the door a globe-shaped evergreen in a tub is used, rather than a pyramidal evergreen which would soon grow too large. The line where house wall meets the ground is planted with a border of annual chrysanthemums, growing two feet tall, bearing single flowers of richly varied orange, brown, white and yellow flowers.

Edging this border is a row of ageratum, one of the best sources of blue tones for flower borders. There are many other combinations which could be used in a similar way to produce a pleasing effect, in harmony with the colors of house wall and roof. In planting near modern houses simple color schemes, two, not over three, harmonious colors, are usually considered best. Any of the sun-loving annuals which grow to a suitable height may be used on the east, west and south sides of houses; but on the north varieties which are known to endure shade must be chosen. It is important that the colors used in borders around the house shall harmonize with the house colors, repeating them, or forming a harmonious contrast of complementary colors.

be sown between rows of crops that mature late.

Plan to clean up the cornstalks before winter to help control the European corn borer.

Pears should be picked before they are ripe. They will decay rapidly if left on the tree too long.

Insects are active in the garden now. Aphids are abundant, especially on the members of the cabbage family. Control by spraying or dusting with nicotine. Keep after the cabbage worms, the Mexican bean beetle and cucumber beetle, as they will be in the garden until frost. Use rotenone to keep them in check.

Special care for roses this fall will be necessary as the recent spell of wet weather has caused many rose plants to be severely defoliated. A regular ten-day spraying program should be maintained well into the fall and the can which have grown high above the rose bed should be pruned back sufficiently to keep the plants symmetrical and with bounds.

With autumn not far off, preparations for the storage of vegetables should be made now.

This is the favored month for planting peonies, while the roses are nearly dormant and moving can be accomplished with the least injury. Plant them in a sun location where trees or shrubs will act as a protection from the wind. Sow seeds of larkspur now for next summer's bloom.

**Death of Dr. Nes:** We announced on Monday last, on the authority of a gentleman arrived from York, the death on Saturday night of our Representative in Congress, Dr. Nes. It was premature. He died, however, on Tuesday evening. His age was about 50 years.

A meeting of the Whig county committee, we learn, is to be held on Tuesday to take measures in regard to a candidate.

The celebrated Jenny Lind made her debut at New York on Wednesday night, and the excitement was unprecedented, the crowd immense and her performance spoken of in the most rapturous manner. She is certainly, from all accounts, the most gifted woman in the world, in this particular. She has expressed her intention to give her share of the net proceeds, considerably more than \$10,000, to the various charities in the city of New York.

**BIG MANEUVERS GET UNDERWAY IN W. GERMANY**

By DONALD DOANE

Heidelberg, Germany, Sept. 11 (AP)—The Atlantic "Big Three" powers put nearly 100,000 troops into the field here today to test their skill at repelling a mock invasion from the east.

High ranking military observers from all the Atlantic Pact nations, including Gen. Mark W. Clark, commander of U. S. field forces, were on hand to see how the U. S., British and French western troops would acquire themselves in the week-long maneuvers.

The test will involve tanks, planes and simulated paratroop drops behind the front lines. A U. S. Cavalry regiment is representing a mythical enemy force of some six divisions, striking into western Germany from the Russian zone and Czechoslovakia.

Called "Routine"

Officials said the maneuver was planned last winter "long before the Korean fighting began." They described it as routine.

Gen. Clark told reporters he has been directed to report on the combat fitness of American troops when he returns to Washington. He said additional U. S. troops, approved Saturday by President Truman, probably will begin arriving in western Germany soon. Some Washington sources have estimated that as many as five or 10 divisions will be sent to Europe.

Simulating the actual comparative troop strength of the western powers and Russia in Germany, the Allies are outnumbered more than two to one by the "invading" force.

Other Units

Manning the ground defenses during the mock invasion are the crack U. S. First Infantry division and the U. S. Constabulary's First and Second brigades. They are being joined by France's Seventh Algerian regiment and Britain's First Royal Dragoons.

One American infantry regiment from Trieste and another from Austria also are taking part in the maneuvers. The U. S. Navy is furnishing river patrols.

Britain and France each are sending a fighter plane squadron to support the all-jet 36th Fighter wing and the 61st Troop Carrier wing of the American Air Force.

**TIMELY TASKS FOR SEPTEMBER**

Feed established lawns by broadcasting 6-8-6 fertilizer at the rate of 2 to 3 pounds per 100 square feet and watering it into the soil at once.

Rhododendrons and mountain laurel may be planted now. But burlapped nursery plants and set them out in a well drained soil that is suitably acid.

It is not too late to plant Madonna lily bulbs the first week to 10 days of September.

Plant a few more rows of radishes; sow leaf lettuce in an open sunny coldframe; sow turnips for late greens.

Give roses a light cultivation after gathering and burning all fallen leaves and other rose litter.

Peach tree owners should inspect their trees carefully for borers—the type that attacks the trunk collar and main roots. Paradichlorobenzene or ethylene dichloride applications in late September are recommended for control.

Sow lawn seed before the middle of the month for starting new lawns or repairing old failing turfs. If in doubt about any phases of this work, send a self-addressed stamped envelope to the editor for a free copy of our lawn building instructions.

September 15 is the traditionally sound date for planting peonies or dividing and replanting old crowding clumps. The editor invites all questions readers wish to ask on the subject.

To have tulip, hyacinth and daffodil (narcissus) plants in bloom for Christmas, pot bulbs by the middle of September and store pots in a dark, medium cool place for root formation.

Choose a warm, bright day to dig onions. Let the bulbs dry in the sun, remove tops in the garden and store directly in slat crates. Good ventilation in the storage room is necessary for several weeks to carry off surplus moisture.

Allow winter varieties of squash to ripen fully on the vines, free from shade of weeds and grass. Disinfect them in a formaldehyde solution and store them in a well ventilated room while still moist from the immersion.

If unseasonably early frosts come in late September, protect late snap beans, tomatoes, cucumbers, and other tender crops on threatening nights. There will be several weeks of ideal gardening weather before winter arrives.

Destroy, plow under deeply, or feed to livestock all sweet corn refuse to reduce European corn borer and ear worm infestations next year.

Gladious corms may be dug as soon as the tops die back naturally. Prepare soil for planting onion sets in late October. Here is one of the best early spring revenue crops, economical to produce and commanding wide consumer markets. High quality green onions are

### Expect Acheson To Ask European Aid

New York, Sept. 11 (AP)—Diplomatic officials predicted today that Secretary of State Acheson will press firmly this week to put over plans for a strong build-up of Western Europe's defense forces by next July 1.

His arguments will be greatly strengthened, these authorities believe, by President Truman's carefully-timed, week-end decision permitting "substantial" U. S. troop reinforcements in Europe and his call for home-front sacrifices.

The troop increases—an estimated five to ten divisions as they become available—were made dependent on matching action by Britain, France and other U. S. allies in the conflict with Russia.

Therefore the Western foreign

"I WANT TO TELL THIS TO WOMEN IN THEIR 40's"

"Any woman between the ages of 38 and 52 should be interested in my experience. I was going through functional change of life and found myself terribly embarrassed from hot flushes, and I felt so nervous, easily upset because of this. "What really shocked me was when I overheard my husband explaining my shortcomings behind my back. He said, 'Don't mind Louise—she's going through change of life.' That made up my mind. I had heard how effective Lydia Pinkham's Vegetable Compound was for relieving such symptoms, and I decided then and there to try it. "Thank heavens I did. "I find Pinkham's Compound simply marvelous to relieve embarrassing symptoms due to this cause. In fact I now take Lydia Pinkham's Compound regularly to help build up resistance against hot flushes, tense emotions, flighty, nervous, tired feelings—due to this cause. I wish anyone when troubled this way would try this great medicine." P. S. Pinkham's Compound tastes swell in a little fruit juice or plain water. A wonderfully effective medicine made especially for women.

## Sen. Myers Assails GOP Labor Plank

Cambridge Springs, Pa., Sept. 11 (AP)—Senator Francis J. Myers, Democratic candidate seeking re-election, came to this traditionally Republican Crawford county town today to continue his attacks on the Republican party and defend his record and the record of the Democratic party.

Myers started his junket Saturday night at Pittsburgh, letting loose with an attack on the Republican state platform before the ink had a chance to dry.

The state's senior Senator picked out the GOP labor plank for his attack, criticizing the GOP for saying it will "work toward elimination of compulsory provisions of labor management legislation upon both labor and management alike."

"Does that mean they will work for the repeal of the Taft-Hartley act, or does it mean they will oppose the Wagner Labor act," Myers asked as he addressed the first statewide convention of the Brotherhood of Railroad Trainmen.

Philadelphia, Sept. 11 (AP)—The state Secretary of Welfare is accused by Richardson Dilworth of clamping "absolute censorship on rotten conditions" at the White Hill state industrial school for boys.

Dilworth, Democratic candidate for governor, said yesterday the secretary, William C. Brown, refused to make public facts surrounding the removal of Eugene S. Keller as the school's superintendent and Keller's subsequent appointment to a \$5,200-a-year job of the Welfare Department's Prison Industries unit.

## GOP Candidates To Open Drive Today

Oil City, Pa., Sept. 11 (AP)—Governor James H. Duff and the five other major Republican candidates headed for Oil City today to open the campaign they hope will result in a sweep of the November elections.

Duff, GOP nominee for U.S. senator, says the record of his party—and its platform,—justifies support from the electorate.

His running mate, John S. Fine of Luzerne county, who is seeking the governorship, says the party is proud of the platform it adopted Saturday, briefly, the platform offers a promise to abolish the one-cent soft drink tax and to keep the rest of the taxes "at the lowest possible level."

**Expect Acheson To Ask European Aid**

New York, Sept. 11 (AP)—Diplomatic  
officials predicted today that Secre-  
tary of State Acheson will press  
firmly this week to put over plans  
for a strong build-up of Western  
Europe's defense forces by next  
July 1.

His arguments will be greatly  
strengthened, these authorities be-  
lieve, by President Truman's care-  
fully-timed, week-end decision per-  
mitting "substantial" U. S. troop  
reinforcements in Europe and his  
call for home-front sacrifices.

The troop increases—an estimated  
five to ten divisions as they become  
available—were made dependent on  
matching action by Britain, France  
and other U. S. allies in the con-  
flict with Russia.

"Therefore the Western foreign

America's contributions to their de-

**"I WANT TO TELL  
THIS TO WOMEN  
IN THEIR 40's"**

"Any woman between the ages of  
38 and 52 should be interested in  
my experience. I was going through  
functional change of life and found  
myself terribly embarrassed from  
hot flushes, and I felt so nervous,  
easily upset because of this.

"What really shocked me was  
when I overheard my husband ex-  
plaining my shortcomings behind my  
back. He said, 'Don't mind Louise—  
she's going through change  
of life.' That made up my mind. I  
had heard how effective Lydia  
Pinkham's Vegetable Compound  
was for relieving such symptoms,  
and I decided then and there to  
try it. Thank heavens I did.

"I find Pinkham's Compound sim-  
ply marvelous to relieve embarrass-  
ing symptoms due to this cause. In  
fact I now take Lydia Pinkham's  
Compound regularly to help build  
up resistance against hot flushes,  
tense emotions, flighty, nervous,  
tired feelings—due to this cause.  
I wish anyone who troubled this  
way would try this great medicine."

P. S. Pinkham's Compound tastes  
sweet in a little fruit juice or plain  
water. A wonderfully effective med-  
icine made especially for women.

Cambridge Springs, Pa., Sept. 11  
(AP)—Sen. J. Edgar Myers, Dem-

Oil City, Pa., Sept. 11 (AP)—Gov-  
ernor James H. Duff and the five  
other major Republican candidates  
headed for Oil City today to open  
the campaign they hope will result  
in a sweep of the November elec-  
tions.

Duff, GOP nominee for U.S. sen-  
ator, was the hero of his party —  
and a platform — justifies his point  
from the electorate.

His running mate John S. Fine of  
Luzerne county who is seeking the  
governorship says the party is proud  
of the platform it adopted Saturday  
night, the platform offers a promise  
to abolish the one-cent soft drink  
tax and to keep the rest of the taxes  
at the lowest possible level.
